EXPERIENCE

AI Intern | Jun 25 – Sep 25

AI Wallah

- Assisted in developing and testing AI models with a focus on practical deployment.
- Gained hands-on experience with AI/ML workflows and collaborative development.

Capture The Flag Participant | Apr 25

Phantom Breach CTF

- Secured 3rd place in a Capture The Flag competition focused on cybersecurity problem-solving.
- Demonstrated strong skills in cryptography, reverse engineering, and team collaboration under time pressure.

PROJECTS

ProofOfPower – Access Control System

- Designed and implemented a blockchain-based authorization system using Solidity smart contracts.
- Focused on role-based access logic using decentralized verification methods.
- Used Git and GitHub for version control, including regular commits and repository management.
- Created documentation to guide future contributors and users.

SKILLS

Languages: Java, JavaScript, HTML, CSS

Tools and Platforms: Git, GitHub, Google Cloud, VS Code

Concepts: Web Development, APIs, Cloud Infrastructure, Documentation, Version Control

EDUCATION

Sister Nivedita University | 2024–2028

Bachelors Of Thecnology(B.Tech) In Computer Science and Engineering

- GPA: 7.0

COURSES AND CERTIFICATIONS

Google Cloud Skill Badges (20+), including Generative AI, Cloud Operations, APIs, Data Management, Vision/Speech AI, and Monitoring.

Arcade (October 2024 – March 2025): Practiced algorithms, data structures, and problem-solving through interactive coding challenges.

Web Development Fundamentals: HTML, CSS, JavaScript basics, responsive design principles.
